

Hole in One Revised Covid Payout

Due to the lack of golfers so far this season I think it would not be fair to the membership to pay out the entire existing hole in one pot with limited players.

For this season, the hole in one pot will be limited to \$2.00 per paid member. This contribution will come from your league dues. Payout if any will be at seasons end, if there is only one hole in one, they will take the seasons pot, if two aces they would split the seasons pot, etc.

The league will cover the contribution as this seasons special events and expenses are limited.

This will be a separate (season specific) pot from the general hole in one pot that has been accumulating over the past 2 years.

If there are no hole in ones during this season the \$2.00 will be either be refunded for those who have already contributed to the existing pot, or included in the main pot for any new members or previous members who had not contributed.

If you have any questions about this unique situation, please let me know by email.
