

# **TEE EM UP**

## **January 07, 2021**

Happy New Year!! We can only hope that this year is a whole lot better than last. I was glad to kick 2020 out the door and start a new one! Hope you all had a safe Christmas and New Year's.

I realize that I did not write a note for December. What is there to say except: CONGRATULATIONS to Debbie Carter on her Hole in 1 on #8!! I know I am about 6 weeks late in the congrats but WOW!! First time member and one of the first times out. Way to go!!

I've also been watching every week who is playing. I notice a few times that the pro shop just went with low net. With only about 16 of you it's hard to play a game, but the low net keeps us on your toes. Also, Jean brought to my attention about the Birdie and Chip-in pins for those that have achieved them. Lynn, our pin lady, isn't down there but we (Jean 🐶) will be keeping track so keep writing your name in the book. You will be receiving them as soon as we can get them... even if we have to mail them to you!!

We will NOT be having our Club Championship this year obviously. I was laughing with Frank that everyone would win a prize. I do believe they are just going with low net as they usually do.

Thanks, Jean, for being our frontline representative...you're doing a great job!!

I hear the course is in great shape other than the missing tree on 6 but who needed it anyways...one less obstacle on that dreaded hole!! Wishing we were down there with you!!

Have a great month and happy golfing!

**Connie**
